Independent Accountant's Review Report

To the Board of Directors of Village at Oasis Homeowners Association

We have reviewed the accompanying financial statements of Village at Oasis Homeowners Association (the "Association") which comprise the balance sheet as of December 31, 2019 and the related statements of revenues, expenses, and changes in fund balance and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Association management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion on the Financial Statements

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the information about future major repairs and replacements of common property on page 8 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Financial Accounting Standards Board, which considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have compiled the supplementary information in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on it.

VILLAGE AT OASIS HOMEOWNERS ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

1. Organization

Village at Oasis Homeowners Association (the "Association") was incorporated on July 22, 2002 as a California nonprofit mutual benefit corporation under the laws of California, for the purposes of maintaining and preserving common property. The Association consists of 82 residential condominium units, and is located in Palm Springs, California. The Association is a sub-association of Oasis Villa Resort Homeowners Association ("Master Association"), which manages the Oasis Resort community which includes 180 condominiums, rental condominiums and timeshare interests, all on 27 acres. The other 98 units were subdivided, resulting in 116 units, which are managed by Vacation Internationale, Inc. (a Washington State Corporation).

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the board of directors to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ significantly from those estimates.

Fund Accounting

The Association's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting. Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose:

Operating Fund – The fund is used to account for financial resources available for the general operations of the Association.

Replacement Fund – The fund is used to accumulate financial resources designated for future major repairs and replacements.

Member Assessments

Association members are subject to annual assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Assessment revenue is recognized as the related performance obligations are satisfied at transaction amounts expected to be collected. The Association's performance obligations related to its operating assessments are satisfied over time on a daily pro-rata basis using the input method. The performance obligations related to the replacement fund assessments are satisfied when these funds are expended for their designated purpose.

Assessments receivable at the balance sheet date are stated at the amounts expected to be collected from outstanding assessments from unit owners. The Association's policy is to retain legal counsel and place liens on properties of homeowners whose assessments are delinquent. Any excess assessments at year end are retained by the Association for use in the succeeding year. The Association treats uncollectible assessments as variable consideration. Methods, inputs, and assumptions used to evaluate whether an estimate of variable consideration is constrained include consideration of past experience and susceptibility to factors outside the Association's control. After the Board of Directors has exhausted all efforts to collect delinquent accounts, the Board of Directors may elect to write off uncollectible balances.

VILLAGE AT OASIS HOMEOWNERS ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

The Association recorded an allowance of doubtful account \$5,278 to reflect an estimate of accounts that may not be collectible, which includes accounts receivable greater than 90 days old.

Contract Liabilities (Assessments received in advance – replacement fund)

The Association recognizes revenue from members as the related performance obligations are satisfied. A contract liability (assessments received in advance – replacement fund) is recorded when the Association has the right to receive payment in advance of satisfaction of performance obligations related to replacement reserve assessments.

Income Tax

The Association's policy is to record interest expense or penalties related to income tax in operating expenses.

Capital Assets and Depreciation Policy

The Association has not capitalized real and personal common area property contributed by the developer. Replacements and improvements to real property are also not capitalized; rather, they are charged to the respective fund in the period the cost is incurred. Significant personal property assets are capitalized and depreciated over their estimated lives using straight-line depreciation.

Cash and Cash Equivalents

Cash and cash equivalents include the Association's cash, checking accounts, money market funds and investments in certificates of deposit with original maturities of 90 days or less.

Investments

Investments consist of certificates of deposit and other securities and investment accounts with original maturities of more than 90 days.

Subsequent Events

Subsequent events have been evaluated through March 25, 2020, which is the date the financial statements were available to be issued.

3. Future Major Repairs and Replacements

The Association's governing documents require funds to be accumulated for future major repairs and replacements. Accumulated funds are held in separate bank accounts and are generally not available for expenditures for normal operations.

The board of directors conducted a reserve study to estimate the remaining useful lives and the replacement costs of the components of common property. The table included in the unaudited Supplementary Information on Future Major Repairs and Replacements is based on this study.

The Association is funding such major repairs and replacements over the estimated useful lives of the components based on the study's estimates of current replacement costs, considering amounts previously accumulated in the replacement fund. Actual expenditures, however, may vary from estimated amounts and the variations may be material. Therefore, amounts accumulated in the replacement fund may or may not be adequate to meet future needs. If additional funds are needed, however, the Association has the right, subject to its governing documents, to increase regular assessments or to levy special assessments, or it may delay major repairs and replacements until funds are available.

VILLAGE AT OASIS HOMEOWNERS ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

Replacement fund expenditures were as follows:

Roofs	\$	182,295
Decks, beams, columns		15,498
Tile/Stucco repairs		7,143
Shut-off valves		1,160
Wood beam		10,990
Reserve Study		1,100
	<u>\$</u>	<u>218,186</u>

4. FASB ASC 606 New Accounting Guidance Implementation

The Financial Accounting Standards Board (FASB) issued new guidance that created Topic 606, Revenue from Contracts with Customers, in the Accounting Standards Codification (ASC). Topic 606 supersedes the revenue recognition requirements in FASB ASC 972-605, Real Estate – Common Interest Realty Associations, Revenue Recognition, and requires the recognition of revenue when promised goods and services are transferred to customers in an amount that reflects the consideration to which a CIRA expects to be entitled in exchange for those goods and services.

The Association adopted the requirements of new guidance as of January 1, 2019, using the modified retrospective method of transition, which requires the cumulative effect of the changes related to the adoption be charged to the beginning balance. The Association applied the new guidance using the practical expedient in Topic 606 that allows the guidance to be applied only to contracts that were not complete as of January 1, 2019. Adoption of the new guidance resulted in changes to the Association’s accounting policies for assessment revenue and contract liabilities related to the replacement fund, as previously described.

The adoption of the new revenue recognition guidance resulted in the following change to the fund balance as of January 1, 2019:

Fund balance, as previously reported, at January 1, 2019	\$	179,052
Adjustment		<u>(174,088)</u>
Fund balance, adjusted, at January 1, 2019	<u>\$</u>	<u>4,964</u>

The effect of the adoption is a decrease in 2019 replacement fund assessments and a recording of a contract liability (assessments received in advance – replacement fund) at December 31, 2019. The Association has no customer contract modifications that had an effect on the Association’s transition to the new guidance.

	<u>Amounts that would have been reported</u>	<u>Effects of applying new guidance</u>	<u>As Reported</u>
Liabilities:			
Contract liabilities (Assessments received in advance - replacement reserve)	\$ -	\$ 102,405	\$ 102,405
Total liabilities	\$ -	\$ 102,405	\$ 102,405
Fund Balance:			
Ending fund balance	\$ 102,405	\$ (102,405)	\$ -

The modified retrospective method requires us to disclose the effect of applying the new guidance on each item included in our 2019 financial statements. Following are the line items from our balance sheet as of December 31,

VILLAGE AT OASIS HOMEOWNERS ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2019

2019, that were affected, the amounts that would have been reported under the former guidance, the effects of applying the new guidance, and the balances reported under the new guidance:

	Amounts that would have been reported	Effects of applying new guidance	As reported
Revenue:			
Regular assessments	\$ 147,422	\$ 94,144	\$ 241,566
Excess of revenues over expenses	\$ (76,647)	\$ 94,144	\$ 17,497
Cash Flows:			
Excess of revenues over expenses	\$ (76,647)	\$ 94,144	\$ 17,497
Increase in contract liabilities (Assessments received in advance - replacement reserves)	-	\$ 94,144	\$ 94,144

5. Income Taxes

The Association elected to file its federal income tax returns as a homeowners association under Internal Revenue Code Section 528. For its California income tax return, the Association qualifies for tax exempt status as a homeowners' association under California Revenue and Taxation code section 23701(t). For both Federal and California returns, the Association is generally taxed on income not related to membership dues and assessments, such as interest income and non-member income. The Internal Revenue Service and the California Franchise Tax Board can examine the Association's income tax returns generally up to three years and four years, respectively.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Association and recognize a tax liability if the Association has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Association and has concluded that as of the year end, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Association is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Land Lease

The property on which the Oasis Resort is situated is subject to various long-term ground leases with various allottees of the Agua Caliente Band of Mission Indians expiring in 2046. As of October 31, 2007, the land lease was assigned to Vacation Internationale, Inc. The Master Association's sub-associations, Village at Oasis Homeowners Association and Vacation Internationale act as pass-through entities for the land lease payments of \$194.28 per month for 2019. Unpaid lease dues pertaining to delinquent homeowners are advanced by Vacation Internationale to the allottees. As of December 31, 2019 Indian land lease liability was advanced and paid by Vacation Internationale to the allottees.

7. Related Parties in Interest

The Oasis Resort is managed by Vacation Internationale, which is also a sub-association of the Oasis Villa Resort Homeowners Association (Master Association) and operates 116 timeshare units. As the property manager, Vacation Internationale, Inc., charges the Association management and accounting fees and other miscellaneous services provided.

VILLAGE AT OASIS HOMEOWNERS ASSOCIATION
SUPPLEMENTARY INFORMATION ON FUTURE MAJOR
REPAIRS AND REPLACEMENTS
For the Year Ended December 31, 2019
(Unaudited)

The Association's board of directors, in conjunction with a reserve study expert, conducted a reserve study dated November 5, 2019 to estimate the remaining useful lives and the replacement costs of the components of common property. Replacement costs were based on the estimated costs to repair or replace the common property components on the date of the study.

The following information is based on the study and presents significant information about the components of common property.

Study Component	Estimated remaining useful lives	Estimated current replacement costs
Decks	0-22	\$ 639,386
Domestic water	0-0	2,163
Mailboxes	11-11	9,600
Paint	0-0	123,000
Roof, flat	1-39	280,170
Roof, slope	25-26	420,420
Stucco repair	0-1	9,280
		\$ 1,484,019
